CAREER OBJECTIVE

Software Developer with strong fundamentals in Data Structures, Algorithms, and Object-Oriented Programming. Hands-on experience in building, deploying, and maintaining scalable web applications using React, Node.js, and Express.js. Creator of an open-source NPM library implementing core data structures and algorithms. Proficient in JavaScript and Python with a growing focus on backend development and software engineering roles.

EDUCATION

Bachelor of Engineering (B.E) – Electrical and Electronics Engineering (EEE)
Karpagam College of Engineering, Coimbatore
2023 – 2027
CGPA: 8.33

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Java, Python, JavaScript, TypeScript
- **Frontend:** React.js
- **Backend:** Express.js, Django
- **Databases:** MySQL, MongoDB
- **Tools & Platforms:** Git, GitHub, NPM, Firebase, Render, Railway, Clever Cloud
- **Core Electrical Skills:** Electrical Circuits, Power Electronics, Electrical Machines & Motor Drives, Embedded Systems & IoT

PROJECTS

Fitness-Energy Project | Full Stack & IoT Developer

Tech: React.js, Node.js, Express.js, Arduino/ESP, Power Electronics

- Developed a real-time dashboard to monitor energy generated from gym equipment.
- Built RESTful APIs for live sensor and battery data processing.
- Integrated Arduino/ESP microcontrollers for real-time data acquisition.
- Improved power transmission using microcontroller-based control and power electronics.

partha_ds – JavaScript DSA Library

Tech: JavaScript, Node.js, NPM, OOP

- Developed and published a JavaScript Data Structures & Algorithms library on NPM.
- Implemented Linked Lists, Trees, Graphs, Heaps, Tries, and Sorting algorithms.
- Designed a modular, object-oriented architecture with zero external dependencies.
- Built reusable APIs with comprehensive documentation for developers.

Multi-Language FAQ Chatbot API (SIH)

Tech: Node.js, Express.js, franc-min, string-similarity

- Developed a RESTful API for multilingual FAQ retrieval.
- Implemented automatic language detection using franc-min.
- Built intelligent FAQ matching using string-similarity algorithms.
- Supported responses in English, Hindi, Tamil, Telugu, and Bengali.

EXPERIENCE

Python Developer Intern | NextGen Solution | Apr 2024 – May 2024

Developed Python applications using Object-Oriented Programming (OOP), integrated MySQL databases, and built real-world mini projects to enhance problem-solving skills.

Industrial Training Intern | SAIL – Salem Steel Plant | Apr 2024

Gained hands-on exposure to steel manufacturing, industrial automation, production workflows, and process control while adhering to industrial safety standards.

CERTIFICATIONS

- Python Programming for Machine Learning – Karthik's Show, June 2024
- Node.js with Express Framework – Simplilearn, May 2025
- MongoDB for Students (Basic) – MongoDB, June 2025

ACTIVITIES

President – Quiz Club | Class Representative | Student Coordinator
